

AIR-CONDITIONING UNIT INSTALLATION REPORT FOR HDB PROPERTIES

(To be submitted by the trained air-conditioning unit installer. All trained air-conditioning unit installers are to be certified by the Building and Construction Authority.)

This installation report must be completed and sent to the HDB Branch managing the flat within 14 days after the air-conditioning unit has been installed by a trained air-conditioning unit installer. Alternatively, the flat owners can email this installation report to the HDB Branch managing their flat.

Note:

- Under the Building Control Regulations, any person who desires to install an air-conditioning unit on the exterior of any building or which projects outwards from any building shall engage a trained air-conditioning unit installer to carry out the installation works relating to the air-conditioning unit.
- HDB flat owners/tenants are required to inform HDB of the installation upon completion of the works. Under the Building Control Regulations, a penalty will be imposed on flat owners/tenants who fail to engage a trained air-conditioning unit installer to install the ACU and/or inform the authorities of the completed works.
- Flat owners/tenants are advised to keep a copy of the installation report for their own record purposes.
